The Take-off of Machane Yehuda Market

The Taste of Machtseh Yehuda Market

The icnext program. They will talk about Jewish identity, changing political, social, and ethnicities, faiths, cultures and political beliefs. We tasted foods that were embraced by Jews and non-Jews alike.

As Jews, we normally think about our past and heritage. We listen to the music of the world. We tasted foods that were made up of the state's culture, and is a reflection of the Jewish community and the geopolitical situation in Israel today.

We learned that the Jewish community and pro-Israel community is strong in America. Even though it is strong, it is a challenge to prepare for the next wave of anti-Israelism. We are so happy to be able to participate in the icnext conference because we acquired new skills to advocate for Israel and our Jewish identity. We will be able to help the Jewish Federation of Cleveland for making this experience possible.

Afterward, we paid our fare to fly to the city center for the conference. The most memorable and interesting part of this conference were the speakers and their backstories. We made the hard decision to tell his parents about his love for Israel and Zionism. We learned that the Jewish community and pro-Israel community is strong in America.
